PROFILE

Skilled full-stack developer with a Master's in Computer Applications and 2.5 years of experience building scalable applications using the React ecosystem. Expertise in React Native, React.js, Node.js, Firebase, and Google Cloud Platform.

EDUCATION

Gujarat Technological University
Ahmedabad, India

Master of Computer Applications (MCA)

2021 – 2023

SKILLS

Technical: JavaScript, React Native, React.js, Flutter, Node.js, TypeScript, Redux, RESTful APIs, GraphQL, appsync, Cross-Platform Development

Tools: Firebase, GCP, Git, Bitbucket, Jira, VS Code, Android Studio, Xcode, Postman, Flutter Flow

CERTIFICATIONS

- Google Data Analytics Foundations – Aug'23 ([link](#))
- **Brilworks Hackathon** - Participation Certificate, 2024
- **Brilworks Hackathon** - Participation Certificate, 2025

EXPERIENCE

Brilworks Software

Ahmedabad, India

Mobile App Developer

May 2023 – Present

- Architected and deployed 15+ scalable mobile applications impacting 20,000+ daily active users, achieving consistent 4.5-star ratings and an 85% user retention rate through intuitive UX design and robust performance optimization.
- Refactored three legacy React Native applications to the newest framework version; accelerated app performance by 40% while decreasing crash occurrences.
- Constructed flexible white-label systems that slash deployment time from weeks to days.
- Integrated features such as real-time chat, push notifications, NFC services, offline synchronization, and support for right-to-left (RTL) languages.
- Mentored junior developers in the React Native ecosystem, code optimization, and professional development workflows.
- Collaborated within Agile teams by participating in sprint planning and daily stand-up meetings.

React Native Intern

February 2023 – May 2023

- Gained proficiency in React Native and the Expo framework through hands-on project development.

- Constructed multiple practice applications to master mobile development concepts.

PROJECTS

Accelevents - Event Management Platform

Nov 23 – Present

Tech Stack: React Native | JavaScript | Redux Toolkit | GraphQL/AppSync | Firebase | Stream Chat | NFC | Mux

- Created a robust event management solution utilizing React Native for both Admin and Attendee applications, enhancing user engagement and operational efficiency.
- Developed over 10 key modules such as ticketing systems, QR/barcode scanning, and NFC services to streamline attendee experiences and improve event logistics.
- Established features supporting exhibitor lounges, live feeds, meeting scheduling, and session management, facilitating better interaction and networking opportunities for attendees.
- Orchestrated real-time data synchronization for seamless event operations

UnitedApp - Inventory Management System

May 2023 – November 2023

Tech Stack: React Native | TypeScript | MobX | Firebase | MMKV | React Native Camera

- Designed an enterprise inventory solution for a major home appliances and furniture vendor.
- Initiated barcode and QR code functionality, revolutionizing inventory control.
- Implemented features for managing inventory lists, availability tracking, and sales and purchase activities.

BriloTaxi - Taxi Booking Application

March 2023 - May 2023

Tech Stack: Expo | TypeScript | Google Maps SDK | Firebase | Stripe

- Constructed an internal taxi booking application during an internship as a hands-on learning project.
- Designed and executed the ride booking functionality to streamline the user experience.
- Integrated basic payment processing to facilitate secure transactions for ride services.

ACHIEVEMENTS

- Architected and launched over 15 white-label mobile applications across a range of industries.
- Modernized 3+ legacy React Native applications to contemporary architecture, slashing maintenance time by 50% and enabling seamless feature additions through component reusability.
- Championed the creation of complex product features, earning accolades for technical expertise; maintained a 95% on-time delivery rate across ten projects, directly contributing to enhanced client trust and loyalty.
